PROGRAM NARRATIVE

ITEM I — Erosion Control - Phase I

Provide approximately 3,500 LF of precast concrete cribbing along the west shore line, repair damaged and eroded existing work, install horizontal concrete slab 7'-8" wide and new retaining wall, fill and related landscaping. This area is in a serious state of deterioration and needs immediate attention. The attached map shows project location. The work will be acccomplished in keeping with standard bidding and construction procedures established by the City of Chicago, Department of Aviation and the Department of Public Works.

ITEM II — Fire Proximity Suits

Two (2) each series 700 AG/BA Proximity Suit Complete (Fyrepel) Extra large size with Mittens and Carry Case.
Five (5) each series 500 AG series OO/BA Proximity Suits Complete (Fyrepel) Extra large size with Gloves and with Carry Case.
The requisition of 7 proximity suits for fire/crash/rescue vehicle at Meigs Field is necessary to equip 2 men on two trucks and 3 men on one truck. These suits provide increased safety to fire personnel and hence allow them to carry out their duties with increased efficiency.

ITEM III — Emergency Standby Power Generator

An emergency standby power generator is necessary to preclude the possibility of serious airside and aircraft mishap in case of failure from either the prime power source or an interruption due to cable damage, accidental or otherwise. Incidents of power disruption have occurred in the past. With the installation of the emergency power generator Meigs will be able to operate continuously and safely in the event of primary power failure.

The project location is shown on the attached map. The work will be accomplished in keeping with standard bidding and construction procedures established by the City of Chicago, Department of Aviation and the Department of Public Works.

ITEM IV — Security Fencing

The present fence is in a state of serious disrepair and needs partial replacement and extensive repair in order to provide security against trepass by unauthorized personnel. This project should be initiated immediately in that summer bathers using the beach facility adjacent to Meigs frequently wander onto the field.

The work will be accomplished in keeping with standard bidding and construction procedures established by the City of Chicago, Department of Aviation and the Department of Public Works.

18. The Sponsor will operate the Airport as such for the use and benefit of the public. In furtherance of this covenant (but without limiting its general applicability and effect), the Sponsor specifically agrees that it will keep the Airport open to all types, kinds, and classes of aeronautical use on fair and reasonable terms without discrimination between such types, kinds, and classes. Provided; That the Sponsor may establish such fair, equal, and not unjustly discriminatory conditions to be met by all users of the Airport as may be necessary for the safe and efficient operation of the Airport; And Provided Further, That the Sponsor may prohibit or limit any given type, kind, or class of aeronautical use of the Airport if such action is necessary for the safe operation of the Airport or necessary to serve the civil aviation needs of the public.

19. The Sponsor—

a. Will not grant or permit any exclusive right forbidden by Section 308(a) of the Federal Aviation Act of 1958 (49 U.S.C. 1349(a)) at the Airport, or at any other airport now owned or controlled by it;

b. Agrees that, in furtherance of the policy of the FAA under this covenant, unless authorized by the Administrator, it will not, either directly or indirectly, grant or permit any person, firm or corporation the exclusive right at the Airport, or at any other airport now owned or controlled by it, to conduct any aeronautical activities, including, but not limited to charter flights, pilot training, aircraft rental and sightseeing, aerial photography, crop dusting, aerial advertising and surveying, air carrier operations, aircraft sales and services, sale of aviation petroleum products whether or not conducted in conjunction with other aeronautical activity, repair and maintenance of aircraft, sale of aircraft parts, and any other activities which because of their direct relationship to the operation of aircraft can be regarded as an aeronautical activity.

c. Agrees that it will terminate any existing exclusive right to engage in the sale of gasoline or oil, or both, granted before July 17, 1962, at such an airport, at the earliest renewal, cancellation, or expiration date applicable to the agreement that established the exclusive right; and

d. Agrees that it will terminate any other exclusive right to conduct an aeronautical activity now existing at such an airport before the grant of any assistance under the Airport and Airway Development Act.

20. The Sponsor agrees that it will operate the Airport for the use and benefit of the public, on fair and reasonable terms, and without unjust discrimination. In furtherance of the covenant (but without limiting its general applicability and effect), the Sponsor specifically covenants and agrees:

a. That in its operation and the operation of all facilities on the Airport, neither it nor any person or organization occupying space or facilities thereon will discriminate against any person or class of persons by reason of race, color, creed, or national origin in the use of any of the facilities provided for the public on the Airport.

b. That in any agreement, contract, lease, or other arrangement under which a right or privilege at the Airport is granted to any person, firm, or corporation to conduct or engage in any aeronautical activity for furnishing services to the public at the Airport, the Sponsor will insert and enforce provisions requiring the contractor:

(1) to furnish said service on a fair, equal, and not unjustly discriminatory basis to all users thereof, and

(2) to charge fair, reasonable, and not unjustly discriminatory prices for each unit or service; Provided, That the contractor may be allowed to make reasonable and nondiscriminatory discounts, rebates, or other similar types of price reductions to volume purchasers.

c. That it will not exercise or grant any right or privilege which would operate to prevent any person, firm or corporation operating aircraft on the Airport from performing any services on its own aircraft with its own employees (including, but not limited to maintenance and repair) that it may choose to perform.

d. In the event the Sponsor itself exercises any of the rights and privileges referred to in subsection b, the services involved will be provided on the same conditions as would apply to the furnishing of such services by contractors or concessionaires of the Sponsor under the provisions of such subsection b.

21. Nothing contained herein shall be construed to prohibit the granting or exercise of an exclusive right for the furnishing of nonaviation products and supplies or any service of a nonaeronautical nature or to obligate the Sponsor to furnish any particular nonaeronautical service at the Airport.

22. The Sponsor will operate and maintain in a safe and serviceable condition the Airport and all facilities thereon and connected therewith which are necessary to serve the aeronautical users of the Airport other than facilities owned or controlled by the United States, and will not permit any activity thereon which would interfere with its use for airport purposes: Provided, That nothing contained herein shall be construed to require that the Airport be operated for aeronautical uses during temporary periods when snow, flood, or other climatic conditions interfere with such operation and maintenance; And Provided Further, That nothing herein shall be construed as requiring the maintenance, repair, restoration or replacement of any structure or facility which is substantially damaged or destroyed due to an act of God or other condition or circumstance beyond the control of the Sponsor. In furtherance of this covenant the Sponsor will have in effect at all times arrangements for:

a. Operating the airport's aeronautical facilities whenever required.

b. Promptly marking and lighting hazards resulting from airport conditions, including temporary conditions, and

c. Promptly notifying airmen of any condition affecting aeronautical use of the Airport.

23. Insofar as it is within its power and reasonable, the Sponsor will, either by the acquisition and retention of easements or other interests in or rights for the use of land or airspace or by the adoption and enforcement of zoning regulations, prevent the construction, erection, alteration, or growth of any structure, tree, or other object in the approach areas of the runways of the Airport, which would constitute an obstruction to air navigation according to the criteria or standards prescribed in Section 77.23, as applied to Section 77.25, Part 77 of the Federal Aviation Regulations. In addition, the Sponsor will not erect or permit the erection of any permanent structure or facility which would interfere materially with the use, operation, or future development of the Airport, in any portion of a runway approach area in which the Sponsor has acquired, or hereafter acquires, property interests permitting it to so control the use made of the surface of the land.

24. Insofar as it is within its power and reasonable, the Sponsor will, either by the acquisition and retention of easements or other interests in or rights for the use of land or airspace or by the adoption and enforcement of zoning regulations, take action to restrict the use of land adjacent to or in the immediate vicinity of the Airport to activities and purposes compatible with normal airport operations including landing and takeoff of aircraft.

25. The Sponsor will keep up to date at all times an airport layout plan of the Airport showing (1) the boundaries of the Airport and all proposed additions thereto, together with the boundaries of all offsite areas owned or controlled by the Sponsor for airport purposes, and proposed additions thereto; (2) the location and nature of all existing and proposed airport facilities and structures (such as runways, taxiways, aprons, terminal buildings, hangars and roads), including all proposed extensions and reductions of existing airport facilities; and (3) the location of all existing and proposed nonaviation areas and of all existing improvements thereon. Such airport layout plan and each amendment, revision, or modification thereof, shall be subject to the approval of the FAA, which approval shall be evidenced by the signature of a duly authorized representative of the FAA on the face of the airport layout plan. The Sponsor will not make or permit the making of any changes or alterations in the Airport or any of its facilities other than in conformity with the airport layout plan as so approved by the FAA, if such changes or alterations might adversely affect the safety, utility, or efficiency of the Airport.

26. All facilities of the Airport developed with Federal aid and all those usable for the landing and taking off of aircraft, will be available to the United States at all times, without charge, for use by government aircraft in common with other aircraft, except that if the use by government aircraft is substantial, a reasonable share, proportional to such use, of the cost of operating and maintaining facilities so used, may be charged. Unless otherwise determined by the FAA, or otherwise agreed to by the Sponsor and the using agency, substantial use of an airport by government aircraft will be considered to exist when operations of such aircraft are in excess of those which, in the opinion of the FAA, would unduly interfere with use of the landing area by other authorized aircraft, or during any calendar month that:

a. Five (5) or more government aircraft are regularly based at the airport or on land adjacent thereto; or

b. The total number of movements (counting each landing as a movement and each takeoff as a movement) of government aircraft is 300 or more, or the gross accumulative weight of government aircraft using the Airport (the total movements of government aircraft multiplied by gross certified weights of such aircraft) is in excess of five million pounds.

27. Whenever so requested by the FAA, the Sponsor will furnish without cost to the Federal Government, for construction, operation, and maintenance of facilities for air traffic control activities, or weather reporting activities and communication activities related to air traffic control, such areas of land or water, or estate therein, or rights in buildings of the Sponsor as the FAA may consider necessary or desirable for construction at Federal expense of space or facilities for such purposes. The approximate amounts of areas and the nature of the property interests and/or rights so required will be set forth in the Grant Agreement relating to the Project. Such areas or any portion thereof will be made available as provided herein within 4 months after receipt of written request from the FAA.

28. The airport operator or owner will maintain a fee and rental structure for the facilities and services being provided the airport users which will make the Airport as self-sustaining as possible under the circumstances existing at the Airport, taking into account such factors as the volume of traffic and economy of collection.

29. The Sponsor will furnish the FAA with such annual or special airport financial and operational reports as may be reasonably requested. Such reports may be submitted on forms furnished by the FAA, or may be submitted in such manner as the Sponsor elects so long as the essential data are furnished. The Airport and all airport records and documents affecting the Airport, including deeds, leases, operation and use agreements, regulations, and other instruments, will be made available for inspection and audit by the Secretary and the Comptroller General of the United States, or their duly authorized representatives, upon reasonable request. The Sponsor will furnish to the FAA or to the General Accounting Office, upon request, a true copy of any such document.

30. All project accounts and records will be kept in accordance with a standard system of accounting if so prescribed by the Secretary.

31. If at any time it is determined by the FAA that there is any outstanding right or claim of right in or to the Airport property, other than those set forth in Part II, paragraphs 7(a), 7(b), and 7(c), the existence of which creates an undue risk of interference with the operation of the Airport or the performance of the covenants of this Part, the Sponsor will acquire, extinguish, or modify such right or claim of right in a manner acceptable to the FAA.

32. The Sponsor will not enter into any transaction which would operate to deprive it of any of the rights and powers necessary to perform any or all of the covenants made herein, unless by such transaction the obligation to perform all such covenants is assumed by another public agency found by the FAA to be eligible under the Act and Regulations to assume such obligations and having the power, authority, and financial resources to carry out all such obligations. If an arrangement is made for management or operation of the Airport by any agency or person other than the Sponsor or an employee of the Sponsor, the Sponsor will reserve sufficient rights and authority to insure that the Airport will be operated and maintained in accordance with the Act, the Regulations, and these covenants.

33. Unless the context otherwise requires, all terms used in these covenants which are defined in the Act and the Regulations shall have the meanings assigned to them therein.

[Signature forms and Exhibit "A" omitted]

(continued from page 3859)

no such liquor licenses shall be issued except to a restaurant, defined to mean any public place kept, used, maintained, advertised and held out to the public as a place where meals are served, and where meals are actually and regularly served, without sleeping accomodations, such space being provided with adequate and sanitary kitchen and dining room equipment and capacity and having employed therein a sufficient number and kind of employees to prepare, cook and serve suitable food for its guests.

SECTION 2. This ordinance shall be in force and effect from and after its passage and due publication.

Sublease made June 1, 1976 between Esmark, Inc. a Delaware Corporation, with its principal place of business at 55 East Monroe Street, Chicago, Illinois 60603, herein referred to as "Lessee", and Federal Express Corporation, Memphis International Airport, AMF Box 30167, Memphis, Tennessee 38130, herein referred to as "Sublessee".

Recitals

Whereas, Lessee has leased space at Chicago Midway Airport, and;

Whereas, Sublessee desires to obtain space in area leased by Lessee, and;

Whereas, the parties desire to enter a sublease agreement defining all rights, duties, and liabilities of the parties hereto, then;

In consideration of the mutual covenants contained herein, the parties agree as follows:

Section One

Description of Premises

Lessee has leased a Hangar Site at Chicago Midway Airport from The City of Chicago, herein referred to as Lessor. Lessee shall demise to Sublessee approximately 8400 square feet on the first floor of the Hangar Building as more fully described in Exhibit "A" attached hereto.

Section Two

Purpose of Sublease

The premises demised under this sublease are to be used by Sublessee in the conduct of the business of Federal Express Office, and all tasks related thereto. Sublessee shall not use the premises for any illegal, immoral, or ultrahazardous activity, whether within or outside the scope of the business of Sublessee.

Section Three

Term of Sublease

The term of this sublease shall be for an initial period of three (3) years, commencing on June 1, 1976. and terminating on May 31, 1979, unless sooner terminated by breach of the terms and conditions of this agreement or as provided in Sections Seven or Sixteen hereof or in the event of termination of the lease between Lessor and Lessee. Upon 90 days written notice prior to the anniversary date of this sublease, Sublessee shall have the option to terminate this sublease and all obligations of sublessee under this sublease shall be terminated upon payment by lessee of the termination payment as provided in Section Five hereof.

Section Four

Rent

Sublessee shall pay to Lessee as basic rent One Thousand Fifty Dollars ($1,050.00) per month, on the first day of each month, commencing on June 1, 1976, and continuing each month thereafter during the term of this sublease, (and Sublessee shall pay all other sums due as additional rental under the provisions of this sublease on the basic rental payment due date first occurring after the additional rental payment arises).

Section Five

Services, Utilities and Additional Rental and Termination Payment

Sublessee shall pay all utilities whether they be separately metered or apportioned by Lessee. If Lessee chooses to apportion said utilities then Sublessee shall pay for them as additional rental based on an average charge per square feet to be determined by Lessee.

Sublessee shall also pay as additional rental upon proof of payment by Lessee its proportionate share, based on square feet of any increase in real estate taxes after the date of this lease.

Lessee agrees to construct for Sublessee a ramp from the present dock located on the West side of the building out to the driveway, and convert certain of the present swinging doors, to overhead type. Lessee shall contract for said alterations upon approval of the Department of Aviation of the City of Chicago.

Sublessee shall pay for the cost of said alterations as additional rental. The total cost of alterations shall be amortized over the remaining period of this leasehold upon completion.

In the event of a termination of this lease prior to the (3) year term as provided in Sections Three, Seven or Sixteen hereof then Sublessee shall pay as a termination payment the total unamortized cost of said alterations which would have been paid as additional rental in the absence of termination.

Section Six

Accidental Damage or Injury

Lessor and Lessee shall not be liable for any damage to property or any injury to persons, sustained by Sublessee, its agents, employes, licensees or invitees caused by conditions or activities on or arising out of Sublessee's use of the leased premises. Sublessee agrees to indemnify and hold harmless Lessor and Lessee from any and all loss (including but not limited to property damage, bodily injury, illness or death) resulting from Sublessee's use of the leased premises and agree to defend any suit and to assume full responsibility for the expense of investigation and/or settlement of any claim or legal action. Should Sublessee (either directly or by its insurer) fail to assume the obligation set forth in this agreement, the Lessee and Lessor at their option and after notice thereof may undertake such measures as are deemed necessary and appropriate with regard to any such claim or legal action, and all expense incurred therein will be reimbursed to Lessor or Lessee by Sublessee.

The Sublessee further agrees to provide the Lessee (as provided for under Section Twenty-six—Notices) with an insurance certificate evidencing Public Liability Insurance with a $1,000,000 limit, and Workmen's Compensation with Statutory Provisions. Such Certificate shall:

1. Provide Lessee with 30 days Notice of cancellation, material change, or non-renewal.
2. Name Lessee and Lessor as an additional insured and make specific reference to the indemnity agreement in Section Six.

Section Seven

Casualty Damage or Injury

If the premises shall be destroyed or damaged by any acts of war, the elements, including earthquake, or fire, to such an extent as to render the premises untenantable in whole or in substantial part, Lessor has the option of rebuilding or repairing the premises by giving notice to that effect to Lessee within 30 days after the occurrence of any damage, of the intent of Lessor to rebuild or repair the premises or the part so damaged. If Lessor elects to rebuild or repair the premises and does so without unnecessary delay, Sublessee shall be bound by this lease, except that during the period of repair, the rent of the premises shall be abated in the same proportion that the portion of the premises rendered unfit for occupancy by Sublessee shall bear to the whole of the subleased premises. If Lessor fails to give notice of the intent to repair, Sublessee shall have the right to declare this sublease terminated.

Section Eight

Compliance with Original Lease and Laws

Sublessee shall not cause or allow any undue waste on the premises and shall comply with all applicable laws and ordinances respecting the use and occupancy of the premises relating to matters not covered elsewhere in this sublease, provided that Sublessee shall not be required to make any alterations, additions, or improvements to the premises in order to conform with this sublease.

Sublessee shall perform and observe the terms and conditions to be performed on the part of the Lessee under the provisions of the original lease between Lessee and Lessor, attached hereto and made a part hereof as Exhibit "B", excepting the covenant for the payment of rent reserved thereby, and to indemnify Lessee against all claims, damages, costs, and expenses in respect to the nonperformance or nonobservance of any such terms or conditions. Sublessee also agrees to submit an Economic Disclosure Statement to lessor.

Section Nine

Repairs

Subject to the obligations of Lessor under Article V of the original lease, Lessee, unless herein specified to the contrary, shall maintain the premises in good repair and tenantable condition during the continuance of this sublease, except in case of damage arising from acts or negligence of Sublessee or the agents of Sublessee.

Section Ten

Alterations, Additions, or Improvements

Sublessee shall not make any alterations, additions, or improvements on or to the premises without first obtaining the written consent of Lessee, and all alterations, additions, and improvements that shall be made shall be at the sole expense of Sublessee and shall become the property of Lessee and shall remain on and be surrendered with the premises as a part thereof at the termination of this sublease without disturbance, molestation, or injury. Nothing contained in this provision shall prevent Sublessee from removing all office machines, equipment, and trade fixtures customarily used in the business of Sublessee.

Section Eleven

Liens

Sublessee shall keep the subleased premises free and clear of all liens arising out of any work performed, materials furnished, or obligations incurred by Sublessee.

Section Twelve

Access to Premises

Sublessee shall allow Lessor or Lessee or the agents or employes of either the free access to the premises at all reasonable times for the purpose of inspecting or of making repairs, additions, or alterations to the premises or any property owned by or under the control of either party.

Section Thirteen

Advertisements

All signs or symbols placed in the windows or doors of the premises, or on any exterior part of the building by Sublessee, shall be subject to the approval of Lessee. If Sublessee shall place signs or symbols on the exterior of the building or in the windows or doors where they are visible from the street that are not satisfactory to Lessee, Lessee may immediately demand the removal of the signs or symbols, and the refusal by Sublessee to comply with any demand within a period of 24 hours will constitute a breach of this sublease and entitle Lessee immediately to recover possession of the premises in the manner provided by law. Any signs so placed on the premises shall be so placed on the understanding and agreement that Sublessee shall remove these signs or symbols at the termination of the tenancy herein created and repair any damage or injury to the premises caused thereby. If not so removed by Sublessee, then Lessee may have the signs or symbols removed at the expense of Sublessee.

Section Fourteen

Sales, Assignments, and Subleases

Sublessee shall not assign this sublease, or sell or sublet the premises subleased herein, or any part thereof or interest therein, without the prior written consent of Lessee. This sublease shall not be assigned by operation of law. If consent is once given by Lessee to the assignment of this sublease or sublease of the premises or any interest therein, Lessee shall not be barred from subsequently refusing to consent to any further assignment or sublease. Any attempt to sell, assign, or sublet without the consent of Lessee, shall be deemed as a default by Sublessee, entitling Lessee to re-enter pursuant to Section Nineteen if lessee so elects.

Section Fifteen

Quiet Enjoyment

If Sublessee performs the terms of this sublease, Lessee will warrant and defend Sublessee in the enjoyment and peaceful possession of the premises during the term hereof without any interruption by Lessee or Lessor or either of them or any person rightfully claiming under either of them.

Section Sixteen

Condemnation

If the premises or any part thereof are appropriated or taken for any public use by virtue or condemnation proceedings, or if by reason of law, ordinance, or by court decree, whether by consent or otherwise, the use of the premises by Sublessee for any of the specific purposes referred to herein shall be prohibited, Sublessee shall have the right to terminate this lease on written notice to Lessee, and rental shall be paid only to the time when Sublessee surrenders possession of the premises. In the event of partial appropriation, Sublessee may elect to continue in possession of that part of the premises not so appropriated under the same terms and conditions hereof, except that in these cases Sublessee shall be entitled to an equitable reduction of the rental payment hereunder. Any rental paid in advance beyond the time that the property has been taken from Sublessee shall be returned by Lessee to Sublessee on demand. Sublessee does not waive any right to recover from the condemnation authority for any damage that may be suffered by Sublessee by reason of any condemnation.

Section Seventeen

Option to Renew

Subject to the receipt by Lessee of an extension of the original lease for a sufficient duration to include this renewal, at any time before the commencement of the last calendar month of the first term of this sublease, Sublessee is granted the option and privilege of extending and renewing the term of this sublease for an additional period at a rental to be agreed on or arbitrated as provided herein.

Section Eighteen

Default by Lessor or Lessee

If Lessor or Lessee fails or neglects to perform the sublease or the provisions of the original lease between them, then Sublessee may, after reasonable notice in writing of not less than 30 days, terminate this sublease.

Section Nineteen

Default of Sublessee

If any rents reserved, or any part thereof, shall be and remain unpaid when these rents shall become due, or if Sublessee violates or defaults in any of the provisions of this sublease, then Lessee may cancel this sublease by giving the notice required herein, and re-enter the premises. Notwithstanding any re-entry, the liability of Sublessee for the rent shall not be extinguished for the balance of the term hereof, and Sublessee shall make good to Lessee any deficiency arising from a re-entry and reletting of the premises at a reduced rental. Sublessee shall pay any deficiency on the first day of each month immediately following the month in which the amount of deficiency is ascertained by Lessee.

Section Twenty

Insolvency or Bankruptcy

If Sublessee becomes insolvent, voluntarily or involuntarily bankrupt, or if a receiver, assignee, or other liquidating officer is appointed for the business of Sublessee, then Lessee may terminate this sublease at the option of Lessee.

Section Twenty-one

Waiver of Breach

The waiving of any of the provisions of this lease by any party shall be limited to the particular instance involved and shall not be deemed to waive any other rights of the same or any other terms of this sublease.

Section Twenty-two

Termination and Surrender

Sublease shall surrender the premises within 30 days from receipt of notice of termination of this sublease, or on the last day of the term of the sublease. Lessee shall have the right to place and maintain on the premises "For Rent" or "For Sale" signs during the last 30 days of the term of this sublease. Sublease shall, at the expiration of this sublease, surrender the keys to the premises to Lessee.

If Sublessee shall surrender the premises at the election of Sublessee, the liability for all duties and obligations required of Sublessee shall continue until the surrender has been accepted by lessee in writing.

Section Twenty-three

Removal of Personal Property

Sublease shall have the right to remove all personal property, trade fixtures, and office equipment, whether attached to the premises or not, provided that these items can be removed without serious damage to the building or premises. All holes or damages to the building or premises caused by removal of any items shall be restored or repaired by Sublessee promptly. Sublessee shall be entitled to remove any electrical service connections installed by Sublessee that were designed specifically for Sublessee.

If Lessee or Lessor re-enters or re-takes possession of the premises prior to normal expiration of this sublease, Lessee or Lessor shall have the right, but not the obligation, to remove from the premises all personal property located therein belonging to Sublessee, and either party may place the property in storage in a public warehouse at the expense and risk of Sublessee.

Section Twenty-four

Holding Over

Any holding over at the expiration of this sublease with the consent of Lessee shall be on a month-to-month basis, which tenancy may thereafter be terminated as provided by the laws of the State of Illinois. During any holdover tenancy, Sublessee shall pay the same rate of rental on a monthly basis as is in effect at the time of the termination of this sublease and shall be bound by all the terms and conditions of this sublease.

Section Twenty-five

Interest of Successors

The covenants and agreements of this sublease shall be binding on the successors and assigns of Lessee and on the successors and assigns of Sublessee but only to the extent herein specified.

Section Twenty-Six

Notices

Except where otherwise required by statute, all notices given pursuant to the provisions hereof may be sent by certified mail, postage prepaid, in the case of Lessee to Esmark, Inc. Office of General Counsel, 55 East Monroe Street, Chicago, Illinois 60603 and in the case of Sublessee to Federal Express Corporation, Memphis International Airport, AMF Box 30167, Memphis, Tennessee 38130.

Section Twenty-Seven

Arbitration

If any controversy develops that is to be submitted to arbitration according to the terms of this sublease, it shall be arbitrated in accordance with the arbitration laws of the State of Illinois, as supplemented by the rules then obtaining of the American Arbitration Association. Judgment on any award rendered may be entered in any court having jurisdiction over the parties and the property.

Section Twenty-eight

Cost of Litigation

If any legal action is instituted to enforce this sublease, or any part hereof, the prevailing party shall be entitled to recover reasonable attorneys' fees and court costs from the other party.

Section Twenty-nine

Acknowledgement by Lessor

The foregoing sublease is made with the full knowledge and agreement of Lessor of the premises, and Lessor accepts the sublease herein but retains all rights to disapprove any future sublease between Lessee and Sublessee or between Lessee and any other party.

In witness whereof the parties have executed this sublease at Chicago, Illinois the day and year first above written.

Whereas, it is necessary for the City to enter upon the area of said Easements and the aforesaid property of the Sanitary District, hereinafter known as the "work area" for the purpose of constructing the Siphon and constructing and maintaining the Sewer and the Sanitary District wishes to accommodate the City in this regard.

Therefore, For and in Consideration of the Mutual Covenants and Promises as Hereinafter Set Forth, the Parties Do Hereby Agree as Follows:

1. The City agrees to construct the Siphon and Sewer. The complete Siphon shall consist of a 15″ diameter approach sewer including a manhole; a siphon with an east and a west chamber and a two barrel 12″ diameter channel undercrossing and a 15″ diameter discharge sewer, including three manholes, with a connection to the existing 15′-0″ Intercepting Sewer. 2. The Sanitary District agrees that the City may enter upon the work area for the purpose of constructing the Siphon and Sewer and for subsequent maintenance of the Sewer if, prior to entering upon the work area, the City has furnished to the Law Department of the Sanitary District documents which show, to the satisfaction of the District's Attorney, that the City has obtained any necessary authorization from the landowners to enter upon the work area, and the Sanitary District's Attorney has furnished to the City a letter stating that, in his opinion, the necessary authorization has been obtained. The City agrees to maintain access for both motor vehicles and railway from Channel Road during the period of construction. The City will coordinate construction to accommodate said continued access and the construction period requiring use of the Easements shall not exceed three months from its commencement. The City shall restore all improvements to original condition in the work area, including but not limited to pavement and railroad trackage.

3. The City shall pay all costs in connection with the Sewer and upon completion of construction and acceptance of the Siphon, the Sanitary District shall pay to the City a sum not to exceed $245,000.00 in full consideration for all right, title and interest of the City in the Siphon. The aforesaid sum represents reimbursement to the City of $9,500.00 for supervising the construction, $5,500.00 for designing the project, and the remaining $230,000.00 or less is reimbursement to the City for the actual costs of construction of the Siphon after the City has let a contract for construction to the lowest responsible bidder. Before the Sanitary District shall pay the $230,000.00 or less, the City shall furnish to the Sanitary District documents showing the actual costs of construction of the Siphon.

4. Plans, specifications, contractor's proposal, and other contract documents for the Siphon shall be prepared by the City or such engineering firm as it might designate, but shall be subject to the approval of the Chief Engineer of the Sanitary District. The City shall furnish a copy of the design data and calculations, plans and specifications for review and approval by the Sanitary District. Upon completion of construction, final inspection and approval, the City shall furnish the Sanitary District one set of reproduced linen tracings of the complete Siphon, the outfall and control structure showing the "as built" conditions.

5. All work in connection with the Siphon, at all times during construction and after completion, shall be subject to the inspection and approval of the Engineering Department of the Sanitary District. All work shall be performed in accordance with standards satisfactory to the Sanitary District. The City shall provide inspection and field supervision during construction of the Siphon at the cost agreed to in Paragraph 3 of this agreement.

6. Upon final inspection and approval of the Siphon by the Sanitary District, the Sanitary District shall pay the costs set forth in Paragraph 3 and the City shall grant the Siphon to the Sanitary District free and clear of all liens and encumbrances. Documents of title shall be subject to the approval of the Attorney of the Sanitary District, authorized by appropriate ordinance and/or resolution of the City Council of the City and executed by duly authorized officers thereof.

7. Upon conveyance of the Siphon to the Sanitary District, it will become a part of the Sanitary District's system and thenceforth any connection to the Siphon shall be made only after written notification to the Sanitary District. Connections shall be examined and reviewed in accordance with the rules and regulations and standards of the Sanitary District. The City shall operate, maintain, and keep in good repair the Sewer including the connection to the Siphon. It shall be the responsibility of the Sanitary District to operate and maintain the Siphon only.

8. The Sanitary District cannot and does not assume any responsibility for preventing surcharge of any sewerage system nor does it assume the responsibility for the flooding of land, home or any other structures caused by a surcharge.

9. The City shall comply strictly with all laws, ordinances and rules of the Sanitary District, the municipalities within which the work is being carried on, the State of Illinois, and the United States Government in any manner affecting the work hereunder or controlling or limiting in any way the actions of those engaged on work pertaining to this contract. The City shall defend, indemnify and hold the Sanitary District harmless from any liability resulting from a failure to comply with the terms of the above mentioned laws, ordinances and rules, or expenses incurred in connection therewith.

10. The City covenants and agrees that it shall be solely responsible for and will pay for all valid claims, and demands whatsoever, and for all damages because of bodily injuries, including death at any time resulting therefrom, accidentally sustained by any person or persons, for injury to real property, personal property, including the loss of use thereof, arising out of or in consequence of the performance of this work, and it hereby agrees to defend, indemnify and hold harmless the Sanitary District against all loss or expense by reason of any liability imposed by law and against all suits and actions of every name and description brought against the Sanitary District, for or on account of any bodily injuries, including death at any time resulting therefrom, accidentally sustained by any person or persons, for injury to real property, personal property, including the loss of use thereof, caused by the Sanitary District, the City, the contractor, any subcontractor, their servants, agents, or employees, or anyone else arising out of or in consequence of the performance of this work; or by or in consequence of any negligence in guarding the same; or by or on account of any omission or act of the Sanitary District, the City, any contractor or subcontractor, their agents, servants, employees or anyone else; whether such injuries be attributable to the negligence of the Sanitary District, the City, the contractor, any subcontractor, or their agents, servants, employees or any one else; and the City further agrees that so much of the money due it under and by virtue of this contract as shall be considered necessary by the Board of Commissioners of the Sanitary District, may be retained by the Sanitary District to protect itself

against loss until such suit or claim for damages shall have been settled, or otherwise disposed of, and evidence to that effect shall have been furnished to the satisfaction of the Board of Commissioners of the District.

11. The contract for the project shall provide for a separate five year maintenance bond for the Siphon item to be furnished by the Contractor. The form of said bond shall be subject to the approval of the Law Department of the Sanitary District and shall be transferred to the Sanitary District upon payment of the Sanitary District's share for the Siphon.

12. In the event construction on the Sewer does not begin within one year from the date of this agreement, then, at the option of either party, this agreement shall be declared null and void and both parties shall be released from any obligation hereunder.

In Witness Whereof, on the day and year first above written, The Metropolitan Sanitary District of Greater Chicago has caused these presents to be executed, in duplicate, by the Chairman of the Committee on Finance as the duly authorized officer of the Board of Commissioners, the General Superintendent, and the Purchasing Agent, duly attested by the Clerk of the District and its corporate seal to be hereunto affixed, and the City of Chicago has caused these presents to be reviewed and accepted, in duplicate, by the Commissioner of Public Works, acting as the duly authorized officer of said City of Chicago.

Clark Street, Chicago, Illinois, is worthy of designation as a "Chicago Landmark"; and

WHEREAS, On the basis of a careful consideration of the history and architecture of the structure, the Commission has found that it meets the following criteria as set forth in Chapter 21, Section 21-64(b) of the Municipal Code of Chicago:

1) Its character, interest or value as part of the development, heritage or cultural characteristics of the City of Chicago, State of Illinois, or the United States.

4) Its exemplification of the cultural, economic, social or historic heritage of the City of Chicago.

10) Its unique location or singular physical characteristic representing an established and familiar visual feature of a neighborhood, community or the City of Chicago; and

WHEREAS, The Reid, Murdoch and Company Building handsomely embodies characteristics of both the Chicago and Prairie schools of architecture, two architectural styles associated with the City of Chicago in the last few decades of the nineteenth century and the early decades of the twentieth; and in addition, it is an unusually well-designed industrial building with its carefully handled facade details and superb siteing making it one of the finest examples of this type of building in the City of Chicago; and

WHEREAS, The Reid, Murdoch and Company Building displays elements of both the Chicago school and Prairie school of design, with the dramatically simple cellular facade of the building, its non-historic geometric ornament, and the extremely careful handling of the details deriving from the work of the Chicago school architects and the pronounced horizontal emphasis of the facade and the low roof with widely overhanging eaves atop the clock tower characteristic of the Prairie school; and

WHEREAS, The Reid, Murdoch and Company Building represented a rejection of the historical revival styles of architecture that typified its time, with its severity of the cellular elevations relieved by a variety of details that form a well-integrated composition, the raked horizontal joints that intensify the natural horizontality of the long building, the separation of the two end bays, the enlargement of the piers at the ends and at the center, the low arcade of the top story, and the heavy projecting course that separates the parapet from the main wall and the formal elements of the tower; and

WHEREAS, The Reid, Murdoch and Company Building has a commanding position on the north bank of the main channel of the Chicago River between Clark and LaSalle Streets, possesses a unique location or singular physical characteristic representing an established and familiar visual feature of a neighborhood, community or the City of Chicago, and is an early and particularly good example of the effective re-use of the older structure; and

WHEREAS, The Commission on Chicago Historical and Architectural Landmarks has concluded that the Reid, Murdoch and Company Building is truly important to Chicago, and deserves to be preserved, protected, enhanced, rehabilitated and perpetuated; and the Commissioner of Development and Planning of the City of Chicago and the City Council Committee on Cultural and Economic Development have concurred in the Commission's recommendation that the Reid, Murdoch and Company Building be designated as a Chicago Landmark; now, therefore,

2.) Public Liability and Property Damage Liability Insurance Policy or Policies, in the same limits as prescribed in (1) of this paragraph above as to all work performed by the Contractor through a subcontractor or subcontractors; and

3.) Owners', Landlords' and Tenants' Liability Insurance Policy in the name of Grantor, Commonwealth Edison Company, as the insured, in limits of not less than $500,000 for all damages arising out of bodily injuries to or death of one person and, a total limit of $1,000,000 for all damages arising out of bodily injuries to, or death of two or more persons in any accident or series of accidents arising out of one event or disaster; the Property Damage coverage to be in limits of not less than $100,000 for all damages, arising out of injury to or destruction of property in any one accident, a total or aggregate limit of $100,000 for all damages arising out of injury to or destruction of property during the policy period.

Declarations in each of said policies shall identify the work as being done by and for others on property owned by Grantor and there shall be no exclusions in any of said policies not approved by Grantor.

Fourteenth: Grantee covenants and agrees that it will not permit or suffer any lien to be put upon or arise or accrue against said premises in favor of any person or persons, individual or corporate, furnishing either labor or material in any work herein proposed; Grantee further covenants and agrees to hold Grantor and said Premises free from any and all liens, or rights or claims of lien which may or might arise or accrue under or be based upon any mechanic's lien law, so called, of the State of Illinois, now in force or hereafter to be enacted. All contracts and agreements that may be made by Grantee relating to any work herein proposed, shall expressly state that the interest and reversion of Grantor in and to said premises shall be wholly free from and not subject to any lien or claim or any contractor, subcontractor, mechanic, material man or laborer, whether based upon any law or regulation of the State of Illinois, or any other authority, now in force or hereafter to be enacted, and Grantee also hereby covenants and agrees that it will not enter into any contract for such work which shall not in express terms contain the aforesaid provisions.

Fifteenth: Upon completion of the construction of the Roadway, Grantee shall thereafter and at its own expense maintain, repair and renew said Roadway and, in the event of its failure to do so, Grantor shall have the right, after ten (10) days written notice to Grantee, to either itself maintain, repair or renew said Roadway at the sole cost and expense of Grantee, or to terminate this agreement.

Sixteenth: Grantee shall, upon receipt of a statement from Grantor, promptly pay to Grantor annually an amount equal to the General Real Estate taxes paid on the easement premises by Grantor the previous year during the term of this agreement. Statements shall be sent to Department of Finance, Comptroller's Office, City of Chicago, City Hall, 121 N. LaSalle St., Chicago, Illinois 60602, Attention: Director of Real Estate.

Seventeenth: Grantee agrees that Grantor and or its public utility successor shall not be assessed for any improvements to be constructed pursuant hereto as a local improvement project or otherwise charged for the cost of such improvement.

Eighteenth: In the event Grantee fails, at any time or times, to observe or perform any of its covenants or agreements or the terms hereof, Grantor may give written notice of termination to Grantee, and Grantee's rights and authority hereunder shall thereupon cease (except for the right to correct such failure) so long as such failure continues, provided that if such failure shall continue for a period of sixty (60) days after given such notice Grantee's rights and authority hereunder shall terminate forever. Termination of Grantee's rights and authority hereunder, shall not affect any right of Grantor to indemnification hereunder, arising from any acts, omissions or events occuring prior to such termination nor reimbursement for Grantor's expenses incurred after such termination, or for Grantee's obligation under paragraph Thirteenth to provide insurance coverage for work done on the premises by Grantee's contractors in removing the Roadway if required. Failure of Grantor, at any time, to insist upon performance or observance of any term, covenant, agreement or condition contained herein shall not be construed as a release of any right of Grantor hereunder or as a waiver of any right to enforce any term, covenant, agreement or condition herein contained.

Nineteenth: The terms "Grantor" and "Grantee" wherever used in this instrument are intended in each instance to include the respective successors and assigns of Grantor or Grantee, whichever the case may be, and all of the terms and provisions of this instrument shall inure to the benefit of and be binding upon the respective successors and assigns of Grantor and Grantee.

provided notice be given in writing to the Lessor at least 60 days before the end of the original lease term or any renewal term. All other terms and conditions of this lease shall remain the same during any renewal term unless stated otherwise herein.

6. The Lessor shall furnish to the Postal Service under the terms of this lease, as part of the rental consideration, the following:

Heating equipment of sufficient size and capacity to provide uniform temperature of 70° F. in all portions of the demised premises.

Air conditioning equipment, servicing of said equipment including but not limited to necessary refrigerant and filters.

The Postal Service agrees to pay a pro-rated portion(60%)of all utility bills costs metered which costs are not separately metered for the first and second floors of the demised premise.

The U. S. "Such taxes and assessments shall be pro-rated in accordance with the ratio of the space occupied by the Postal Service is to the total area, this ratio being 12.4% determined as follows: Total area of facility = 91,600 sq. ft., (11,400 divided by 91,600 = .124)."

7. The Lessor, if it so desires shall at his expense record this lease in the proper recording office.

8. The Postal Service may sublet all or any part of the premises or assign this lease but shall not be relieved from any obligation under this lease by reason of such subletting or assignment.

9. The Postal Service shall have the right upon written consent from Lessor and the City of Chicago to make alterations, attach fixtures and erect additions, structures or signs in or upon the premises hereby leased (provided such alterations, additions, structures or signs shall not be detrimental to or inconsistent with the rights granted to other tenants on the property or in the building in which said premises are located); which fixtures, additions or structures so placed in, upon or attached to the said premises shall be and remain the property of the Postal Service and may be removed or otherwise disposed of by the Postal Service. Prior to expiration or termination of this lease the Postal Service shall, if required by the Lessor by notice in writing sixty days in advance of such expiration or termination, restore the premises to as good condition as that existing at the time of entering upon the same under this lease, reasonable and ordinary wear and tear and damages by the elements or by circumstances over which the Postal Service has no control, excepted.

10. (a) This lease may be terminated upon ninety days' notice in writing to the Lessor whenever the Postal Service shall decide to move the office into a building owned by the Postal Service.

(b) This lease may be terminated upon ninety days' notice in writing to the Lessor whenever, in the judgment of the Postal Service, the growth of the service of that office renders additional room necessary and the Lessor is unable or unwilling to furnish suitable and sufficient additional space at an additional rental satisfactory to the Postal Service.

11. (a) The Lessor shall, except as otherwise specified herein and except for damage resulting from the act or negligence of Postal Service agents or employees, maintain the demised premises, including the building and any and all equipment, fixtures, and appurtenances, whether severable or non-severable, furnished by the Lessor under this lease, in good repair and tenantable condition. He shall repaint the interior (including but not limited to the walls and ceilings) at least once every 5 years (unless the 5-year period is specifically extended in writing by the Contracting Officer) and at any other time that painting may become necessary as a result of fire or other casualty. For the purpose of so maintaining said premises and property, the Lessor may at reasonable times enter and inspect the same and make any necessary repairs thereto. Additionally, the Lessor shall designate maintenance repairmen, for electrical emergencies, for plumbing emergencies, for heating, ventilating and air conditioning emergencies and other emergencies (windows, doors, locks, etc.), who may be called by the Postal Service in the event of an emergency situation involving maintenance of the leased property and/or equipment when the Lessor or his agent cannot be contacted within a reasonable time.

(b) If the leased premises or any part thereof become unfit for use for the purpose for which leased, the Lessor shall put the same in satisfactory condition, as determined by the Postal Service, for the use for which leased.

(c) When the need arises for maintenance or repair or for restoration to a condition suitable for the purpose for which leased, the Postal Service shall (except in emergencies) give the Lessor written notice thereof, specifying a time for completion of the work which is reasonable and commensurate with the nature of the work required. A copy shall be furnished by certified or registered mail to the Lessor's mortgagee and assignee of the monies due or to become due under this lease, whose names and addresses have been furnished to the Postal Service by the Lessor. If the Lessor (or the mortgagee or the assignee, on behalf of the Lessor) fails to prosecute the work with such diligence as will ensure its completion within the time specified in the written notice (or any extension thereof as may be granted at the sole discretion of the Postal Service) or fails to complete the work within said time, the Postal Service shall have the right to perform the work, by contract or otherwise, and withhold the cost thereof from payments due or to become due under this lease, or, at the sole discretion of the Postal Service in the case of work required pursuant to paragraph (b), cancel the lease. In addition, for any period the premises, or any part thereof, are unfit for the purposes for which leased, the rent shall be abated in proportion to the area determined by the Postal Service to have been rendered unavailable to the Postal Service by reason of such condition. Unfitness for use does not include unsuitability arising from such causes as design, size or location of the building or other portion of the leased premises.

12. No member of or Delegate to Congress or Resident Commissioner shall be admitted to any share or part of this lease or to any benefit to arise therefrom. Nothing, however, herein contained shall be construed to extend to any incorporated company, if the lease before the general benefit of such corporation or company.

13. (The following clause is applicable when the leased space is in a building occupied by tenants or concessionaires in addition to the Postal Service and if the total rental under this lease exceeds $10,000 per year, or, at the sole election of the Postal Service, if the total rental under this lease combined with the total rental under all other Federal Government leases of spaces in the building which the space covered by this lease is located exceeds $10,000 per year.)

(a) As used in this clause, the term "facility" means stores, shops, restaurants, cafeterias, restrooms, and any other facility of a public nature in the building in which the space covered by this lease is located.

(b) The Lessor agrees that he will not discriminate by segregation or otherwise against any person or persons because of race, color, religion, sex or national origin in furnishing, or by refusing to furnish to, such person or persons the use of any facility, including any and all services, privileges, accommodations, and activities provided thereby.

(c) It is agreed that the Lessor's noncompliance with the provisions of this clause shall constitute a material breach of this lease. In the event of such noncompliance, the Postal Service may take appropriate action to enforce compliance, may terminate this lease, or may pursue such other remedies as may be provided by law. In the event of termination, the Lessor shall be liable for all excess costs incurred by the Postal Service in acquiring substitute space, including but not limited to the cost of moving to such space.

(d) The Lessor agrees to include or to require the inclusion of, the foregoing provisions of this clause (with the terms "Lessor" and "lease" appropriately modified) in every agreement or concession pursuant to which any person other than the Lessor operates or has the right to operate any facility. The Lessor also agrees that it will take such action with respect to any such agreement as the Postal Service may direct as a means of enforcing this clause, including but not limited to termination of the agreement or concession.

14. (The following is applicable if this agreement covers premises of net interior space in excess of 6,500 square feet.)

(a) All mechanics and laborers employed in construction, modification, alteration, repair, painting, decoration, or other improvement of the building or space covered by this agreement, or improvement at the site of the building or facility covered by this agreement (other than maintenance work necessary to keep the building or space in such condition that it may be continuously used at an established capacity and efficiency for its intended purpose), shall be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions are permitted by the Copeland Regulations (29 CFR Part 3)), the full amounts due at time of payment computed at wage rates not less than the aggregate of the basic hourly rates and the rates of payments, contributions, or costs for any fringe benefits contained in the wage determination decision of the Secretary of Labor which is attached for any fringe benefits contained in the wage determination decision of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the Lessor or subcontractor and such laborers and mechanics. A copy of such wage determination decision shall be kept posted by the Lessor at the site of the work in a prominent place where it can be easily seen by the workers.

(b) The Lessor may discharge his obligation under this clause to workers in any classification for which the wage determination decision contains:

(1) Only a basic hourly rate of pay, by making payment at not less than such basic hourly rate, except as otherwise provided in the Copeland Regulations (29 CFR Part 3); or

(2) Both a basic hourly rate of pay and fringe benefits payments, by making payment in cash, by irrevocably making contributions pursuant to a fund, plan, or program for, and/or by assuming an enforceable commitment to bear the cost of, bona fide fringe benefits contemplated by 40 U.S.C. 276a, or by any combination thereof. Contributions made, or costs assumed, on other than a weekly basis shall be considered as having been constructively made or assumed during a weekly period to the extent that they apply to such period. Where a fringe benefit is expressed in a wage determination in any manner other than as an hourly rate and the Lessor pays a cash equivalent or provides an alternative fringe benefit, he shall furnish information with his payrolls showing how he determined that the cost incurred to make the cash payment or to provide the alternative fringe benefit is equal to the cost of the wage determination fringe benefit. In any case where the Lessor provides a fringe benefit different from any contained in the wage determination, he shall similarly show how he arrived at the hourly rate shown therefor. In the event of disagreement between or among the interested parties as to an equivalent of any fringe benefit, the Contracting Officer shall submit the question, together with his recommendation to the Secretary of Labor for final determination.

(c) The assumption of an enforceable commitment to bear the cost of fringe benefits, or the provision of any fringe benefits not expressly listed in section (b) (2) of 40 U.S.C. 276a or in the wage determination decision forming a part of the contract, may be considered as payment of wages only with the approval of the Secretary of Labor pursuant to a written request by the Lessor. The Secretary of Labor may require the Lessor to set aside assets, in a separate account, to meet his obligations under any unfunded plan or program.

(d) The Contracting Officer shall require that any class of laborers or mechanics which is not listed in the wage determination decision and which is to be employed under the contract shall be classified or reclassified conformably to the wage determination decision, and shall report the action taken to the Secretary of Labor. If the interested parties cannot agree on the proper classification or reclassification of a particular class of laborers or mechanics to be used, the Contracting Officer shall submit the question, together with his recommendation, to the Secretary of Labor for final determination.

(e) Apprentices shall be permitted to work as such only when they are registered, individually, under a bona fide apprenticeship program registered with a State apprenticeship agency which is recognized by the Bureau of Apprenticeship and Training, United States Department of Labor; or, if no such recognized agency exists in a State, under a program registered with the aforesaid Bureau of Apprenticeship and Training. The allowable ratio of apprentices to journeymen in any craft classification shall be not greater than the ratio permitted to the Lessor as to his entire work force under the registered program. Any employee listed on a payroll at an apprentice wage rate, who is not registered as above, shall be paid the wage rate determined by the Secretary of Labor for the classification of work he actually performed. The Lessor shall furnish written evidence of the registration of his program and apprentices as well as of the ratios allowed and the wage rates required to be paid thereunder for the area of construction, prior to using any apprentices in the work.

(f) The Lessor shall maintain payrolls and basic records relating thereto during the course of the work and shall preserve them for a period of three years thereafter for all laborers and mechanics employed in the work covered by this clause. Such records shall contain the name and address of each such employee, his correct classification, rate of pay (including rates of contributions for, or costs assumed to provide, fringe benefits), daily and weekly number of hours worked, deductions made and actual wages paid. Whenever the Lessor has obtained approval from the Secretary of Labor as provided in paragraph (c) of this clause, he shall maintain records which show the commitment, its approval, written communication of the plan or program to the laborers or mechanics affected, and the costs anticipated or incurred under the plan or program.

(g) The Lessor shall submit weekly a copy of all payrolls to the Contracting Officer. The Lessor shall be responsible for the submission of copies of payrolls of all subcontractors. The copy shall be accompanied by a statement signed by the Lessor indicating that the payrolls are correct and complete, that the wage rates contained therein are not less than those determined by the Secretary of Labor, and that the classifications set forth for each laborer or mechanic conform with the work he performed. Submission of the "Weekly Statement of Compliance" required under this Agreement shall satisfy the requirement for submission of the above statement. The Lessor shall submit also a copy of any approval by the Secretary of Labor with respect to fringe benefits which is required by paragraph (c) of this clause.

(h) The Lessor shall make the records required under this clause available for inspection by authorized representatives of the Contracting Officer and the Department of Labor, and shall permit such representative to interview employees during working hours on the job.

(i) The Lessor shall comply with the Copeland Regulations of the Secretary of Labor (29 CFR Part 3) which are incorporated herein by reference.

(j) The Contracting Officer may withhold or cause to be withheld from the Lessor so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics employed by the Lessor or any subcontractor on the work the full amount of wages required by the contract.

(k) If the Lessor or any subcontractor fails to pay any laborer or mechanic employed or working on the site of the work, all or part of the wages required by the contract, the Contracting Officer may, after written notice to the Lessor, take such action as may be necessary to cause suspension of any further payments or advances until such violations have ceased.

15. Overtime

(a) The Lessor shall not require or permit any laborer or mechanic in any workweek in which he is employed on any work under this Agreement to work in excess of 8 hours in any calendar day or in excess of 40 hours in such workweek on work subject to the provisions of the Contract Work Hours and Safety Standards Act (40 U.S.C. 327-333) unless such laborer or mechanic receives compensation at a rate not less than one and one-half times his basic rate of pay for all such hours worked in excess of 8 hours in any calendar day or in excess of 40 hours in such workweek, whichever is the greater number of overtime hours. The "basic rate of pay", as used in this clause, shall be the amount paid per hour, exclusive of the Lessor's contribution or cost for fringe benefits and any cash payment made in lieu of providing fringe benefits, or the basic hourly rate contained in the wage determination (if applicable), whichever is greater.

(b) In the event of any violation of the provisions of paragraph (a), the Lessor shall be liable to any affected employee for any amounts due, and to the Postal Service for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic employed in violation of the provisions of paragraph (a) in the sum of $10 for each calendar day on which such employee was required or permitted to be employed on such work in excess of 8 hours or in excess of the standard workweek of 40 hours without payment of the overtime wages required by paragraph (a).

(c) The Contracting Officer may withhold from the Lessor, from any moneys payable under the lease, such sums as may administratively be determined to be necessary to satisfy any liabilities of the Lessor for unpaid wages and liquidated damages.

16. Health and Safety Standards

(a) To the extent this agreement is for construction, alteration, and/or repair, including painting and decorating, the Lessor shall not require any laborer or mechanic employed in the performance of this agreement to work in surroundings or under working conditions which are unsanitary, hazardous, or dangerous to his health or safety as determined under standards promulgated by the Secretary of Labor under the authority of 40 U.S.C. 333 (see 29 CFR Part 1518).

(b) In the event it is determined that the Lessor has failed to comply with this provision regarding health and safety standards, the Postal Service, in its discretion, may cancel this agreement, contract for the balance of the work or term, and charge to the Lessor the additional cost, if any, incurred thereby.

17. Subcontract Provisions

The Lessor agrees to insert Clauses 14, 15, 16 and 17 of this Agreement in all subcontracts hereunder and to require their inclusion in all subcontracts of lower tier. The term "Lessor" as used in these clauses in any subcontract shall be deemed to refer to the subcontractor.

18. Assignment of Claims

(a) If this agreement provides for payments aggregating $1,000 or more, claims for moneys due or to become due the Lessor from the Postal Service under this Lease may be assigned to a bank, trust company, or other financing institution, including any Federal lending agency, and may thereafter be further assigned and reassigned to any such institution. Any such assignment or reassignment shall cover all amounts payable under this Lease and not already paid, and shall not be made to more than one party except that any such assignment or reassignment may be made to one party as agent or trustee for two or more parties participating in such financing. No assignment or reassignment will be recognized as valid and binding upon the Postal Service unless a written notice of the assignment or reassignment, together with a true copy of the instrument of assignment, is filed with (i) the Contracting Officer, (ii) the surety or sureties upon the bond or bonds, if any, in connection with this lease; and (iii) the disbursing officer, if any, designated in this lease to make payment, and the Contracting Officer has acknowledged the assignment in writing.

(b) Assignment of this lease or any interest in this lease other than in accordance with the provisions of this clause shall be grounds for annulment of the lease at the option of the Postal Service.

19. If the premises are mortgaged prior to or during the term of this lease, including any renewal option periods, the Lessor shall so inform the Contracting Officer and shall, upon request, furnish a mortgage subordination agreement on PS Form 7450.

Exhibit A to Sublease Agreement Between
Esmark, Incorporated and the U. S. Postal Service
Dated August 10, 1976

For the purposes of this Exhibit A, the term "Lessor" shall refer to the City of Chicago; the term "Lessee" shall refer to Esmark, Incorporated, the Lessor under the above captioned agreement; the term "Sublessee" shall refer to the U. S. Postal Service, the Lessee under the above captioned agreement.

24. Lessor and Lessee shall not be liable for any damage to property or any injury to persons, sustained by Sublessee, its agents, employees, licensees or invitees caused by conditions or activities on or arising out of Sublessee's use of the leased premises. Sublessee agrees to indemnify and hold harmless Lessor and Lessee from any and all loss (including but not limited to property damage, bodily injury, illness or death) resulting from Sublessee's use of the leased presmises and agree to defend any suit and to assume full responsibility for the expense of investigation and/or settlement of any claim or legal action. Should Sublessee (either directly or by its insuror) fail to assume the obligation set forth in this agreement, the Lessee and Lessor at their option and after notice thereof may undertake such measures as are deemed necessary and appropriate with regard to any such claim or legal action, and all expense incurred therein will be reimbursed to Lessor or Lessee by Sublessee.

25. If the premises shall be destroyed or damaged by any acts of war, the elements, including earthquake, or fire, to such an extent as to render the premises untenantable in whole or in substantial part, Lessor has the option of rebuilding or repairing the premises by giving notice to that effect to Lessee within 30 days after the occurrence of any damage, of the intent of Lessor to rebuild or repair the premises or part so damaged. If Lessor elects to rebuild or repair the premises and does so without unnecessary delay, Sublessee shall be bound by this lease, except that during the period of repair, the rent of the premises shall be abated in the same proportion that the portion of the premises rendered unfit for occupancy by Sublessee shall bear to the whole of the subleased premises. If Lessor fails to give notice of the intent to repair, Sublessee shall have the right to declare this sublease terminated.

26. Sublessee shall not cause or allow any undue waste on the premises and shall comply with all applicable laws and ordinances respecting the use and occupancy of the premises relating to matters not covered elsewhere in this sublease, provided that Sublessee shall not be required to make any alterations, additions, or improvements to the premises in order to conform with this sublease.

27. If the premises or any part thereof are appropriated or taken for any public use by virtue of eminent domain or condemnation proceedings, or if by reason of law, ordinance, or by court decree, whether by consent or otherwise, the use of the premises by Sublessee for any of the specific purposes referred to herein shall be prohibited, Sublessee shall have the right to terminate this lease on written notice to Lessee, and rental shall be paid only to the time when Sublessee surrenders possession of the premises. In the event of partial appropriation, Sublessee may elect to continue in possession of that part of the premises not so appropriated under the same terms and conditions hereof, except that in these cases, Sublessee shall be entitled to an equitable reduction of the rental payment hereunder. Any rental paid in advance beyond the time that the property has been taken from Sublessee shall be returned by Lessee to Sublessee on demand. Sublessee does not waive any right to recover from the condemnation authority for any damage that may be suffered by Sublessee by reason of any condemnation.

28. If any rents reserved, or any part thereof, shall be and remain unpaid when these rents shall become due, or if Sublessee violates or defaults in any of the provisions of this sublease, then Lessee may cancel this sublease by giving the notice required herein, and re-enter the premises. Notwithstanding any re-entry, the liability of Sublessee for the rent shall not be extinguished for the balance of the term hereof, and Sublessee shall make good to Lessee any deficiency arising from a re-entry and reletting of the premises at a reduced rental. Sublessee shall pay any deficiency on the first day of each month immediately following the month in which the amount of deficiency is ascertained by Lessee.

6.3—Joint Assessment. If the premises are not separately assessed, Lessee's liability shall be an equitable proportion of the real property taxes for all of the land and improvements included within the tax parcel assessed, such proportion to be determined by Lessor from the respective valuations assigned in the assessor's work sheets or such other information as may be reasonably available. Lessor's reasonable determination thereof, in good faith, shall be conclusive.

11. Use

The Lessee shall use the premises only as an air cargo facility.

12. Mortgage

The Lessee shall not mortgage, change or otherwise encumber his interest in this sublease.

2. MAINTENANCE OF PREMISES.

The Lessor shall maintain the demised premises, including the building and any and all equipment, fixtures, and appurtenances, furnished by the Lessor under this lease in good repair and tenantable condition, except in case of damage arising from the act or the negligence of the Government's agents or employees. For the purpose of so maintaining said premises and property, the Lessor may at reasonable times, and with the approval of the authorized Government representative in charge, enter and inspect the same and make any necessary repairs thereto.

3. DAMAGE BY FIRE OR OTHER CASUALTY.

If the said premises be destroyed by fire or other casualty this lease shall immediately terminate. In case of partial destruction or damage, so as to render the premises untenantable, as determined by the Government, the Government may terminate the lease by giving written notice to the Lessor within fifteen (15) days thereafter; if so terminated no rent shall accrue to the Lessor after such partial destruction or damage; and if not so terminated the rent shall be reduced proportionately by supplemental agreement hereto effective from the date of such partial destruction or damage.

9. EQUAL OPPORTUNITY CLAUSE.

(The following clause is applicable unless this contract is exempt under the rules, regulations, and relevant orders of the Secretary of Labor (41 CFR, ch. 60).)

During the performance of this contract, the Contractor agrees as follows:

(a) The Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin. The Contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, or national origin. Such action shall include, but not be limited to, the following: Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Contracting Officer setting forth the provisions of this Equal Opportunity clause.

(b) The Contractor will, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, or national origin.

(c) The Contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice, to be provided by the agency Contracting Officer, advising the labor union or workers' representative of the Contractor's commitments under this Equal Opportunity clause, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(d) The Contractor will comply with all provisions of Executive Order No. 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(e) The Contractor will furnish all information and reports required by Executive Order No. 11246 of September 24, 1965, and by the rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the contracting

agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(f) In the event of the Contractor's noncompliance with the Equal Opportunity clause of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended, in whole or in part, and the Contractor may be declared ineligible for further Government contracts in accordance with procedures authorized in Executive Order No. 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order No. 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

Nothing herein shall require the furnishing to the general public of the use of any facility customarily furnished by the Lessor solely to tenants, their employees, customers, patients, clients, guests and invitees.

(c) It is agreed that the Lessor's noncompliance with the provisions of this section shall constitute a material breach of this lease. In the event of such noncompliance, the Government may take appropriate action to enforce compliance, may terminate this lease, or may pursue such other remedies as may be provided by law. In the event of termination, the Lessor shall be liable for all excess costs of the Government in acquiring substitute space, including but not limited to the cost of moving to such space. Substitute space shall be obtained in as close proximity to the Lessor's building as is feasible and moving costs will be limited to the actual expenses thereof as incurred.

(d) It is further agreed that from and after the date hereof the Lessor will, at such time as any agreement is to be entered into or a concession is to be permitted to operate, include or require the inclusion of the foregoing provisions of this section in every such agreement or concession pursuant to which any person other than the Lessor operates or has the right to operate any facility. Nothing herein contained, however, shall be deemed to require the Lessor to include or require the inclusion of the foregoing provisions of this section in any existing agreement or concession arrangement or one in which the contracting party other than the Lessor has the unilateral right to renew or extend the agreement or arrangement, until the expiration of the existing agreement or arrangement and the unilateral right to renew or extend.
